HITLER'S TIME-TABLE FAILS: OPENING PHASE OF THREATENED BLITZKRIEG IS STILL MATTER FOR SPECULATION

BRITISH RELIEF UNIT CALL ON GENERALISSIMO

RETURNING SOON TO KWEIYANG

CHUNGKING, Aug. 15 (Reuter).—Mr. Evert Barger, head of the British Relief Unit for Central China (Professor of Asiatic History at Bristol University) accompanied by two other members of the unit, Mr. Phillip Wright and Mr. Michael Sullivan, arrived in Chungking and called on Government leaders, including the Generalissimo, Madame Chiang Kai-shek, the Foreign Minister, Mr. Wang Chung-hui, Minister of Publicity, Mr. Wang Shih-chieh, the Finance Minister, Dr. H. H. Kung and General Dick Lu, head of the Chinese Army Medical Service.

The unit is composed of six members, including two mechanics.

After a stay here of about three weeks, the party will return to Kweiyang and establish headquarters with the International Red Cross. It is expected that they will visit the various Chinese war fronts in connexion with their work, and secure medical supplies and funds for relief work in Free China.

Sufficient funds were raised in England to support the unit in China for at least two years.

MINISTRY OF WOMEN IN CHINA

MADAME CHIANG AT HEAD

CHUNGKING, Aug. 15 (Reuter).—Plans are now completed for the organisation of a Ministry of Women under the Central Kuomintang.

It is learned that Madame Chiang Kai-shek, wife of the Generalissimo, will head the new Ministry. Madame Sun Yat-sen, who is at present in Hongkong, was twice offered the post, but she declined.

There will be two Vice-Ministers, whose selection has not yet been decided, but Madame Ma Chao-chun (wife of the former Mayor of Nanking), Miss Wu Chih-mei (member of the National People's Political Congress), Miss Hsu Kai-jul (former chief of Women's Section of the Central Kuomintang) and Dr. Wu Yi-fang (President of the Gin Ling College) are all prominently mentioned.

The new Ministry will have three departments to take care of women's organisation, training, vocation and other activities.

Are Air Attacks Preliminary To "Decisive Blow?"

ACCORDING TO NAZI THREATS uttered in the month of May the war was to have been over by mid-August with England invaded and conquered.

August 15 was, according to persistent rumour which gained widespread currency, appointed by Hitler for the triumphal entry of the Germans into London, state British Wireless and Reuter messages.

The forecast was received by the world with scepticism. Elsewhere, than in Britain, this was tinged with anxiety.

FINAL SURVEY OF WEDNESDAY'S AIR BATTLES

SIX DOWNED BY A.A. FIRE

LONDON, Aug. 15 (BWS).—The final survey of the results of yesterday's air battles is contained in an Air Ministry and Ministry of Home Security communiqué, issued at 1 p.m., as follows:—
"There was very little enemy activity last night. Bombs were dropped at isolated points in Wales and North-East Scotland. No casualties have been reported. One enemy bomber was brought down during the night by anti-aircraft fire.

"Full reports of yesterday's attacks show that anti-aircraft guns of various types succeeded in bringing down six enemy aircraft during the day: 24 were destroyed by our fighters.

"The total number of enemy aircraft destroyed since yesterday morning is, therefore, 31. The number of our fighters lost is seven but two of their pilots were saved.

"Of the 31, ten fighters—eight Messerschmitt 109, one Messerschmitt 110, one Heinkel 113 and 14 bombers—six Junkers 87, five Junkers 88, one Dornier 17, one Heinkel 111 and one unidentified, were accounted for by R.A.F. fighters.

"Seven others—two Junkers 87, one Dornier 17, two Messerschmitt 110, one Heinkel 111, and one believed to be a Heinkel 113 were shot down by A.A. guns.

"This morning a large German bomber, Heinkel 115, crashed on the east coast of Scotland. The cause of the crash is unknown as the machine was not engaged either by fighters or anti-aircraft guns in the vicinity.

MORE RAIDS

LONDON, August 15 (Reuter).—It is unofficially stated that German raids began again shortly after noon today and four of the ten bombers in an attack on a south-east coast town were shot down into the sea. Two enemy pilots baled out.

LONDON, August 15 (Reuter).—In the House of Commons yesterday Mr. R. A. Butler, Under-Secretary for Foreign Affairs, announced that the Government had received no communication from the Government of the United States with regard to the letting of food supplies through the blockade, to the unoccupied part of France.

IN GERMANY WHERE THE PROPHECY WAS TAKEN SERIOUSLY IT MUST BY NOW HAVE BECOME APPARENT THAT HITLER'S TIME-TABLE HAS FAILED.

INSTEAD OF THE INVASION, which was to have done its work by this time, it is still a matter for speculation whether we are in the opening phase of the threatened blitzkrieg and whether the air attacks, displaying a coherence of purpose contrasting sharply with the desultory and half-hearted raiding of the previous six weeks, represent the preliminary to the "decisive blow."

Discussing this possibility, the DAILY TELEGRAPH says Hitler would naturally attempt first to batter down our ports, factories and aerodromes, to wear down by attrition our numerically weaker air defences and to undermine the civilian morale.

FUNERAL OF AUSTRALIAN MINISTERS

SYDNEY, Aug. 15 (Reuter).—A message from H.M. the King was among the worldwide expressions of sympathy received by the Governor-General and the Prime Minister, on behalf of the Australian Government and relatives of the victims of the Canberra air disaster.

The funeral of the victims took place at St. Paul's Cathedral in Melbourne today, and was attended by the Governor-General, the Prime Minister and Cabinet Ministers.

The Archbishop of Melbourne delivered a farewell oration.

"If such be his purpose the results of his first week's efforts must already have given him cause for profound discouragement. His losses relatively both to our own and to the number of his machines thrown into the fight have been so great as to leave no doubt the ascendancy we have gained in the air. Indeed, the strident lying of his communiques and preposterousness of his claims serve only clearly to unmask his sense of frustration.

The Daily Telegraph adds: "Today has been credited by persistent rumour as the date selected by Hitler for the dictation of peace terms, having conjured up in London. If the rumour be true—and there is nothing inherently improbable in Hitler's optimistic temperament, having conjured up such a vision on the eve of Dunkirk—this failure ought to destroy, once and for all, the table of the inevitability of his time-tables.

—NEW VIGOUR

"Our civilian morale, so far from flinching, has perceptibly hardened into new vigour of resolution while any other results he may have achieved are out of all proportion to the magnitude of his onslaughts."

MINSEITO PARTY DISSOLVED

ENDS 60-YEAR CAREER

TOKYO, Aug. 15 (Reuter).—The drive for a new political structure gained momentum today through the dissolution of the Minsaito Party, the largest political Party in Japan, which has been marking time while all the other political Parties have disbanded to join the projected new and powerful Single Party.

Resolutions were adopted by the Minsaito Party terminating its 60-year career and recording the firm determination of the 3,000,000 members of the organisation to establish a new political structure and form a powerful political influence.

MR. HARRISON FORMAN

Somaliland Situation

ITALIANS WEST OF BULHAR

LONDON, August 15 (Reuter).—It is learned in authoritative quarters in London today that the Somaliland situation is no less serious than hitherto.

The Italians are rapidly advancing along Zella and the Berbera coast road and they are now about 20 miles west of Bulhar.

It is estimated that the Italian column operating from Hargeisa, numbers between 9,000 to 10,000 troops and our troops are heavily outnumbered.

Our casualties were not heavy and are considerably less than the Italians.

A communique issued in Somaliland yesterday states that the enemy, having brought up fresh effectives, launched a violent attack.

After holding their forward positions for several hours and causing the enemy severe losses, our troops fell back to positions in the rear, where fighting continues.

It is now known that the enemy is employing against us a greater part of two divisions, complete with artillery and armoured fighting vehicles, originally intended to oppose French forces in French Somaliland.

Other fronts have nothing to report.

WORLD'S MOST AMAZING TRAVELLER IN COLONY

Mr. Harrison Forman The Modern Marco Polo

Author, lecturer, explorer and camera-man, ever on the look out for new fields in which to continue his search for more and more material to satisfy his passion for knowledge and adventure, MR. HARRISON FORMAN, whom Robert Ripley has described as "The World's Most Amazing Traveller," stepped out of the Philippine Clipper at Kai Tak yesterday afternoon for a brief sojourn in Hongkong before continuing his present leisurely tour of the Far East for the various interests he represents.

Mr. Forman's experiences would take volumes to describe and in the brief talk he had with a representative of the Hongkong Daily Press at the airport yesterday his characteristic modesty precluded our representative from learning the full extent and the value of the work which he has been doing during the past two years of his travels.

All that the Press representative was able to gather was that he somehow or another had been

right in the thick of international events in various parts of the world—from explorations and expeditions into Tibet, through the Sino-Japanese hostilities in Shanghai, when he took some of the most exclusive pictures of the bombing of the city by the Japanese for March of Time, up into Poland when Warsaw was pitilessly bombed by the Germans, and across the Russian frontier just at the time when Josef Stalin decided on his venture across the Rumanian border.

Mr. Forman's primary business is lecturing to the Universities in New York, Los Angeles and other cities of the United States, but this modern Marco Polo is not satisfied with only such a routine profession.

AUTHORITY ON TRAVEL

He is how a recognised authority on travel in all parts of the world, with a background of over nine years of moving about the globe, risking his life, probing political questions, exploring little known lands and coming up against the queerest and most unique situations in doing so.

Born in Milwaukee, Wisconsin, Mr. Forman was educated at the University of Wisconsin, where he graduated in Oriental Philosophy and Comparative Literature. His early hobby for aviation claimed his interest after his college career and in 1923 he made his first trip to the Orient at the head of the largest American organisation in the Far East engaged in the sale of military and commercial aircraft to the Chinese Government.

Crucial Session Of Shanghai Defence Force Heads: Air Of Deep Secrecy

SHANGHAI, AUG. 15 (REUTER).—A CRUCIAL MEETING OF THE HEADS OF FOREIGN DEFENCE FORCES held today to decide the future of the British defence sector ended after a four-hour session with an air of deep secrecy.

It is announced that an official statement will be issued tomorrow at 9 a.m. and until then delegates and official spokesmen are maintaining a hush-hush attitude.

Certain usually reliable sources are of the opinion that a tentative agreement was reached and will be referred to the interested Governments.

It is widely rumoured that the Japanese will take over the former British positions in Hongkong (Japanese controlled district in the Settlement) and the areas along the perimeter, while the United States forces will patrol the Settlement proper.

A Japanese official who attended the meeting commented that "things went smoothly."

Admiral Thomas C. Hart, C.M.C. of the U.S. Asiatic Fleet was not present.

ALLEGED ITALIAN DEMAND

ATHENS, Aug. 15 (Reuter).—Regarding rumours to the effect that Italy had demanded Greece should renounce the British guarantee, it is stated that nothing is known of any such demand.

NETAXAS CONFERS

ATHENS, Aug. 15 (Reuter).—The Prime Minister, General J. Metaxas, saw the Italian Minister today and later conferred with Cabinet members.

BELIEVED TO BE PART OF SHELL

LONDON, Aug. 15 (Reuter).—It is stated in authoritative quarters in London that the pieces of metal picked up off the coast a few days ago are believed to be part of a shell.

Nothing very definite is known presently. The pieces are very small and indications, according to experts who are still working on them, are that they are part of a shell.

POLICE CREATE SENSATION IN LEAGUE BOWLS

Recreio "A" Defeated Beaten By 3 Shots In Postponed Fixture

POLICE RECREATION CLUB created one of the biggest surprises of the lawn bowls season at King's Park yesterday in defeating Club de Recreio "A", champions, by 60 shots to 57 in the First Division.

The game was the continuation of Saturday's League match that was stopped because of the rain. Recreio were leading by 34 shots to 25 at the time of the postponement.

All three Police rinks considerably improved their position from close of play scores. E. G. Post, leading H. A. Alves 14-9 on Saturday, finished with 25 to Recreio's 16.

J. C. S. Fender was absent yesterday owing to illness and W. S. Dall moved to skip with Aitken, coming in at No. 3. The rink 15-5 down on Saturday, finished only three in arrears.

The scores:

Police R.C.: G. Perkins, W. J. D. Cameron, A. E. Carey and E. G. Post (skip) 25; T. R. Hunter, W. Harris, J. Aitken and W. S. Dall (skip) 19; F. Nolan, H. Brown, J. Orem and J. Shepherd (skip) 18. Total: 60.

Club de Recreio "A": L. J. Silva, F. X. Soares, R. F. Luz and H. A. Alves (skip) 16; J. Luz, C. E. Marques, J. F. Ribeiro and C. G. Silva (skip) 22; L. F. Xavier, C. M. Silva, F. V. V. Ribeiro and F. X. Silva (skip) 19. Total: 57.

INDIAN R.C. WIN

Indian Recreation Club beat Club de Recreio "B" by 71 shots to 49 at King's Park in another First Division match which was abandoned owing to rain last Saturday. Recreio led 30-23 at the commencement of play yesterday.

Indian Recreation Club: A. H. Rumjahn, S. Yusuf, M. Y. Adal and A. R. Dallah (skip) 24; J. Hoosen, A. K. Suffad, A. R. Minu and A. K. Minu (skip) 23; D. M. Khan, K. M. Rumjahn, A. M. Rum-

LEAGUE TENNIS "D" DIVISION

SOUTH CHINA NEAR WINNING TITLE

South China Athletic Association beat Chinese Recreation Club "B" by six sets to three in the "D" Division of the Lawn Tennis League at King's Park yesterday, thus very nearly assuring themselves of the "D" Division Championship by defeating their closest rivals.

K. I. Chen and W. H. Mok (South China) beat C. W. Cheng and T. L. Lu 6-1; beat C. W. Chu and C. N. Tsang 6-0; beat Y. Y. Lam and S. Cheung 6-4.

C. P. Ip and S. Y. Li (South China) beat Cheng and Lu 6-0; beat Chu and Tsang 6-4; lost to Lam and Cheung 5-7.

K. T. Ng and K. C. Wong (South China) lost to Cheng and Lu 2-6; beat Chu and Tsang 6-1; lost to Lam and Cheung 5-7.

C.R.C. "A" WIN

Chinese Recreation Club "A" defeated the Filipino Club by eight sets to one at Causeway Bay. The latter Club only played two pairs as Gonzales did not turn up.

T. F. Lo and Choy (C.R.C.) beat A. Banker and L. Souza 6-3; beat J. Cho and Z. T. Sien 6-2.

T. C. Chiu and W. C. Choy (C.R.C.) beat Banker and Souza 6-2; beat Cho and Sien 7-5.

S. T. Chan and K. N. Lee (C.R.C.) beat Banker and Souza 6-4; lost to Cho and Sien 3-5.

Keen Racing At Chinese B.C. Gala

Keen competition featured the gala held last night at the Chinese Bathing Club, North Point.

In the men's 100 metres breast stroke (Open) Enrique Chan (C. B. C.) Colony champion, swam exceedingly well to beat his club mate Fong Chong-yue (who last week won this event at the V.R.C. gala for the Lai Tsun) by a close margin.

The only other Open event—the men's 100 metres breast stroke (for the Press) was won by Wan Lai-man (Sing Toa).

Singapore Official Denies Intent To Take N.E.I. Into The British Empire

SINGAPORE, Aug. 9. The Colonial Secretary, Mr. H. Welsberg, emphatically denounced the United Press today rumors that the Dutch East Indies might be incorporated into the British Commonwealth of Nations, reports the Manila Bulletin.

Mr. Welsberg asserted that Britain has no territorial ambitions here whatever, but simultaneously declared that she would not hesitate to defend the interests of her allies.

The Colonial Secretary expressed his belief that the rumors regarding incorporation of the East Indies was probably inspired by "wishful thinking" on the part of Dutch residents who would feel more secure under the protecting arms of either England or the United States.

Discussing the administration of British Malaya, Mr. Welsberg said that England's program regardless of the war was to continue educating and promoting self-reliance of the natives in order that they could participate more in the political and industrial life of Malaya.

He said that more funds were being spent on education this year than ever before, while legitimate trade unions, with a recognized leadership, were being encouraged to promote the standard of living of the masses. The cooperative movement was also being fostered, he said.

Mr. Welsberg claimed that one of the defects of the Singapore labor movement was the irresponsibility of its leaders, and pointed out that the strike at the Goodyear plant here was fostered by such elements. Labour, he declared, would be permitted to organize if unions were headed by responsible men.

MR. A. P. F. CHAPMAN — SUSPECT

Discharged from the Army on the ground of physical unfitness, Mr. A. P. F. Chapman, England's former cricket captain, is now engaged on "work of national importance."

Zeal on the part of those looking for spies or Fifth Columnists has caused him to be stopped and interviewed by the police as many as five times in one day.

VITAL ITALIAN AIRCRAFT PLANTS SERIOUSLY DAMAGED

R.A.F. OVER ALPS: CAPRONI, FIAT WORKS IN FLAMES

LONDON, August 15 (Reuter).—Details of Tuesday night's raids on Italy are given by the Air Ministry News Service which states that two of Italy's most vital aircraft works, namely the Caproni factory at Milan and the Fiat plant at Turin, were seriously damaged.

The raiders left behind blazing and smashed factories, and one pilot, as he recrossed the Alps, could see a dull glare from the Caproni Works miles behind him.

The bombers flew some 1,800 miles, twice crossing the Alps and having to climb as high as three miles to clear the mountains.

One pilot over the Fiat Works scored several direct hits which were followed by a fierce blaze and two large explosions.

Another pilot scored direct hits with incendiary bombs on buildings, causing fires while a heavy bomb struck the other end of the works.

HEAVY BOMBS

A third pilot scored further hits with heavy bombs, starting more fires.

A pilot arriving later, dropped more high explosive and incendiary bombs, increasing the blazing area.

Nearly all the raiders scored hits. Mail siding west of the aircraft works were also hit and a road and railway junction south of Turin was attacked. One plane straddled the junction with two sticks of heavy bombs and tore up

the railway lines with a direct hit.

DEFENCES SURPRISED

All the pilots report seeing bursts on the Caproni parent works at Milan. A salvo of incendiary bombs fell in a line right down the length of the buildings and as heavy bombs followed there was a series of large explosions.

Other high explosives fell across the hangar of an aerodrome adjoining the works and on slipways of a seaplane station.

Many fires quickly broke out all over the target area. The defences were apparently taken completely by surprise and A.A. fire was scanty and ineffective.

REICH RAIDS

LONDON, August 15 (Reuter).—An Air Ministry communique says that last night in addition to raids on Italy, strong forces of R.A.F. bombers attacked Junkers aircraft factories at Dessau and Bernburg (north of Leipzig), munition factories at Lunen and Grevenbroich, various military objectives in the Ruhr and 14 aerodromes in Germany, Holland, Belgium and France.

One of our aircraft is missing.

JUNKERS FACTORY HEAVILY DAMAGED

The Air Ministry News Service says that the vast Junkers factory at Dessau, which was one of Germany's main centres of aircraft production, was heavily damaged in Tuesday night's raid.

The works, which are within 50 miles of Berlin and extend over many acres, were systematically bombed for over an hour and numerous direct hits were scored.

The crew of one aircraft, whose bombs fell in line across the main buildings, reported that one hit destroyed the main power house and another severely damaged the airframe assembly sheds and a large sheet-metal shop.

In another attack, from only 1,000 feet, an experimental shop was hit and blown up.

HIGH EXPLOSIVES

Bernburg, which is a subsidiary Junkers factory 20 miles away, was hit by salvos of high explosive and incendiary bombs which burst into flames within the target area where airframes for dive bombers and troop transports are produced. A line of bombs exploded across the aerodrome and part of a building struck by a heavy bomb went up in a shower of debris.

Fires and explosions were observed at several munitions factories which were bombed.

RAILWAY BOMBED

Railway yards were also attacked and bombs were seen to burst on the mainline track between Dulsberg and Krefeld.

The aerodromes attacked extended as far east as Magdeburg. A fire at Brest following an attack on the seaplane base was still visible when the raiders were well on their way home.

There were similar results on other hangars east of Brussels and the surrounding country was lit for miles by the glow of the raging fires.

Philippines Prepare For President's Birthday

Everything is now ready for the sixth nation-wide birthday celebration on Aug. 19, in honour of President Manuel L. Quezon, on the occasion of his 52nd birthday, according to the Philippine Tuberculosis Society, sponsor of the celebration, reports the Manila Bulletin.

Manila socialites have started making reservations with the society for its ball and pageant at the Santa Ana Cabaret on the night of the celebration. Popular film stars of local picture companies will be the main attraction, as they will appear in person and render their favourite songs and scenes from recent Tagalog pictures. Among those who will appear in person are Carmen Rosales, Lucita Coyena, Rogelio de la Rosa, Scrafin Garcia and Fernando Poe.

RESERVATIONS

The society announces that reservations for the Santa Ana affair may be made with the society by calling telephones 2-19-33 and 2-33-31. Reservations should be made early in view of the usual last-day rush.

In the provinces and municipalities, the celebrations will consist of birthday balls featured by varied programs ranging from petit carnivals to charity fairs. Tickets are in big demand and the society has been rushing thousands of tickets daily to meet the increasing demands in many provinces, cities and towns.

The provincial governors with the co-operation of all provincial officials and public-spirited citizens are taking charge of the celebration in the provincial capitals, while city mayors and municipal mayors are in charge of the affairs in the cities and municipalities.

SPECIAL BROADCAST

CHUNGKING, Aug. 10 (Central).—A special broadcast programme will be given on Aug. 18, eve of President Quezon's birthday anniversary, from 7 to 7.30 p.m. Chungking time over Station XGOY, operating on 25.21 metres.

Special features of the programme include a speech by Dr. H. H. Kung, Vice-President of the Executive Yuan and Minister of Finance and another by General Wu Te-chen, Minister of Overseas Affairs.

The programme is as follows:—

- 7.00—National Anthems.
- 7.04—Opening announcement.
- 7.05—Chinese music.
- 7.15—Speech by H.E. Dr. H. H. Kung.
- 7.20—Speech by General Wu Te-chen.
- 7.25—Other messages read and translated.
- 7.29—Closing announcement.

Historical Feature Of Conflict

ISLAM WORLD ON SIDE OF ALLIES

LONDON, Aug. 15 (Reuter).—The situation in Syria on the whole is satisfactory. It is understood here that political troubles in Palestine have almost disappeared and peace reigns among Palestinian troops who arrived in Britain.

It is pointed out that a remarkable feature of the present conflict is that for the first time in history the whole Islam world is ranged on one side and all attempts of Italian propagandists to break down this position have proved futile.

King Sets Day For National Prayer

LONDON, August 15 (Reuter).—It is announced that it is the desire of His Majesty the King, that Sunday, September 2, the first Sunday after the anniversary of the outbreak of war, should be observed as a Day of National Prayer.

BETTER CONDITIONS IN PHILIPPINES THAN IN ANY OTHER PLACE

Mr. J. Weldon Jones, financial adviser to the United States High Commissioner, told the Rotary Club at the Manila Hotel on Aug. 8 that while many nations have gone broke, the Philippines have "better living conditions, better bank and better business than we have a right to hope for."

Mr. Jones spoke from a background of six months' travel through the Orient to South Africa, on a vacation. During that time he came into close contact with world-war No. 2, as it was reflected in the colonial possessions of the warring European nations.

P. I. UNSCATHED

Mr. Jones said that in a world "where every human effort goes into force and destruction, where human blood is the cheapest commodity of all," the Philippines have remained practically unscathed. He said he can only describe the situation, though inadequately, by saying that the Philippines is "lucky."

"We may feel financial pressure here and there, and still more strains as the months go by, but there is no cause for alarm or pessimism," he declared. "Far from it. We may have the dog-days on the stock exchange and elsewhere. It is for you and me to see that the dog-days do not rush precipitately into evil days."

MANY PROBLEMS

Mr. Jones made no direct reference to President Quezon's repeated warnings that the Philippines faces the possibility of dire economic and financial straits, even hunger, as a result of the war, as expressed in the introduction to the emergency powers bill.

The Philippines has problems today, and inevitably there will be more problems to face, Mr. Jones said.

"Let us be happy that so far we really have no trouble, let

MASSACRE, INCENDIARISM IN TSUNGMING ISLAND

JAPANESE ATROCITIES REVEALED

CHUNGKING, AUG. 15 (CENTRAL).—FURTHER DETAILS of Japanese atrocities in Tsungming Island at the mouth of the Yangtze River during the past fortnight are revealed in despatches received here.

IN RETALIATION for Chinese guerrilla activities on August 2, it is stated, the Japanese have massacred a large number of innocent people in various villages there. They have also resorted to incendiarism and as a result, Chubo, Tachuan, Lapa, Hsiangtung, Machiao, Hsiehchia, Jihsin and other villages have been completely reduced to ruins rendering thousands of inhabitants homeless.

Most of the victims are now fleeing the island for Shanghai. They are arriving in the port city daily by the hundreds.

Natives of Tsungming resident in Shanghai are exerting their utmost for the relief of the refugees.

FACTORY ATTACKED

Disguised as workers in a Japanese factory on the island, Chinese guerrillas started their attack on the Japanese at midnight, August 2. They killed three of the Japanese in the factory and then deployed among the villages. Chinese regulars, in the meantime, crossed over to Tsungming from Pelsbach and launched an attack on the enemy.

Japanese reinforcements rushed there from Shanghai were trapped and wiped out. Further reinforcements were brought in from Shanghai, but the Chinese, having attained their objective, had already retired.

The bogus Self-Defence Corps on the island, numbering over 100, were suspected of helping the guerrillas and were mowed down with machine-guns by the Japanese in cold blood.

GIFT PLANE TO CHINESE GOVERNMENT

CHENGDU, Aug. 15 (Central).—The Eagle Dramatic Club in Chengdu has issued an appeal through the Central News Agency to Chinese theatrical circles that dramatic performances be held simultaneously in various places on October 10, China's Independence Day, to raise a fund for the purchase of a pursuit plane to be presented to the Chinese Government. The fund will be given to the China Aviation Reconstruction Association to buy the gift plane which will be christened "Actors."

Reassurance On Indo-China

LYON, August 15 (Reuter).—A radio broadcast was made last night apparently with the intention of reassuring Frenchmen about the situation in Indo-China.

The announcer, quoting a despatch from Hanoi said that Admiral Decoux, the Governor-General had made all arrangements in agreement with the French Government to deal with any deterioration in the position in Indo-China.

WEST SHANSI FLOOD

LOYANG, Aug. 15 (Central).—The Fen River in west Shansi has overflowed its banks as a result of mountain freshets. The Tatum-Puchow Railway between Yutze and Kihsein and between Hwoshien and Chaocheng has been flooded.

us look to put our own fortunate condition and make every effort to preserve it."

AN APPEAL

Mr. Jones called on the Rotarians to help "eliminate even that little of bitterness and disunity that may appear in Manila." He said that Rotary, which stands for the spirit of enterprise and business which places service above self, is particularly qualified to do this.

He said that his recent trip (Mrs. Jones was with him) was the "trip of a life time" because it "added greatly to my attempts to secure an education."

At Durban he found Philippine coconut oil being unloaded all day at the Malden Wharf of Lever Bros. It was pumped into tanks which stood by other tanks filled with whale oil which the Japanese had brought from the South Seas. Philippine lumber for the mines of Johannesburg was unloaded at Lauro Marquie and Durban.

"FREEZING" OF ASSETS
Before he had finished his trip, Mr. Jones had had a foretaste of what the war is doing to the Philippines.

In Medan and Singapore, papers were handed to him which told that the United States had taken steps to "freeze" the assets in the United States and the Philippines of citizens of invaded countries.

As financial adviser to the High Commissioner, Mr. Jones is in direct charge of enforcing the orders and regulations on this subject. He said he has met the usual co-operation of businessmen of Manila in enforcing these restrictions in the name of the High Commissioner.

NEED FOR VISION

"You see that I agree with H. I. Phillips when he said that it is high time that we give the rabbit-punch to smart alexis; the hot foot to sophistocracy; and the bum's rush to those who scoff at religion and idealism and patriotism. Where there is no vision the people perish is still a valid pronouncement in the world."

"May I pass on my expressing the hope that America faces a spiritual renaissance? May I hope more, that American blood is still capable of responding to a spiritual renaissance? I firmly believe it is."

ANOTHER STEAMER TORPEDOED

DILEMMA OF FRENCH COLONIES IN AFRICA

LONDON, Aug. 15 (Reuter).—Information continues to reach London from French Colonies in Africa suggesting an atmosphere of uncertainty in those territories.

In French Cameroon, for instance, there is said to be a strong party in favour of supporting the Free French Volunteers under General De Gaulle while in Madagascar the official tendency is to support the Vichy Government.

This tendency is tempered, however, by a widely spread desire that Madagascar should continue to trade with British territories.

NEW GOVERNOR

A new Governor-General has

been appointed by the Vichy Government. This official was formerly in Dakar and his attitude towards the new French Government is stated to be not very clear.

Reports from Belgian Congo show that the Government there continues to be very friendly to the Allied cause. It is understood that the considerable copperfield there is continuing to export and close economic contact with the territory is being fully maintained.

Mr. James A. Duff, executive of American International Underwriters, Manila, returning to that city after an overnight stay in Hongkong, and the following Chinese Clipper commuters:

ROUND THE POLICE COURTS

AT KOWLOON

GARDENERS IN COURT

Three vegetable gardeners of Au Pul Ling village, Hunghom, appeared before Mr. E. Himsworth yesterday on a charge of assault. They gave as their reason for assaulting complainant, a man named Tai Po, 38, the allegation that he had stolen vegetables from their gardens.

Sgt. Moss, prosecuting, stated that defendants, after the assault, took the man to the police station. They could not, however, produce any evidence in support of their claim that they had caught complainant in an act of thieving.

Defendants were released on bonds of \$10 with the warning that they could not take the law into their own hands.

BURGLARS CONVICTED

Sentence of four months' hard labour was passed by Mr. Himsworth yesterday on Sze To-fan, 20, and Tam Kai, 21, for theft and burglary.

Det.-Sgt. W. G. Morrison said accused were arrested in Shanghai Street on Wednesday with clothing in their possession stolen from No. 39, Argyle Street, early that morning.

On Aug. 7, they had also broken into the Kwong Sang Factory, Portland Street, and had stolen a typewriter and electric fan.

FOUND IN PILL BOX

Ho Yei, 24, who admitted having been found in a pill box in a fortified area in Kowloon, received sentence of one month with hard labour from Mr. Himsworth yesterday. He will be expelled from the Colony.

Inspector Rogers, prosecuting, stated that a good amount of property had been stolen from military defence areas recently. Defendant was found in the pill box by soldiers of the Kumaon Rifles. It was not known how he had got inside.

THEFT OF LETTER

Sentence of one month's hard labour was passed by Mr. Q. A. A. MacLachlan yesterday on Chan Leung, 30, convicted of larceny of a letter from No. 32, Nam Chang Street.

He was arrested with the letter in his possession one hour after its delivery by the postman. Apparently he intended to change the envelope and receive a tip from the addressee for delivering it himself.

MARINE COURT

BOAT MASTERS FINED

Five boat masters, Chan Fuk, 49, Kwok Shu-kan, 48, Wong Cho-fu, 38, Wong Cho-ki, 24, and Wong Chi-hing, 23, appeared before Commr. G. F. Hole yesterday on charges of having dropped anchor near the Tathong Channel Minefield.

Defendants were found guilty and fined \$20 or to serve three weeks in prison each.

Ten Assigned To Combatant Group

TRIBUNAL HEARS 29 CASES

Twenty-nine British subjects appeared before the Compulsory Service Tribunal yesterday and of this number ten were assigned to the Combatant Group.

Mr. Justice E. H. Williams sat as the President of the Tribunal, assisted by the Hon. Sir Henry Pollock, Commander W. P. McCarthy, R. N., Captain I. D. H. Helby, Mr. H. V. Wilkinson, and Mr. C. Bramall Burgess, Clerk to the Tribunal.

The following assignments were made:

COMBATANT GROUP:—R. C. Adams, S. M. Bard, C. T. Eager, J. C. Fenton, W. R. Greenhalgh, M. Kim, H. Lacey, A. P. Maher, F. A. Rapp, E. B. Williams.

KEY-POSTS GROUP:—E. N. Baynes, D. M. Campbell, R. M. Cherry, F. R. Garalde, D. Mitchell, S. P. Zavarukhin.

Sugar Refinery was postponed.

GENERAL GROUP FOR ESSENTIAL SERVICES:—C. W. L. Brigham, H. C. Evans, J. L. Farrar, C.

AGED GARDENER ROUTS ROBBERS WITH CHOPPER

TWO MEN SENT TO SESSIONS

On charges of assault with intent to rob and of possession of two revolvers and 11 rounds of ammunition without a permit, Wong Kam-yan, 34, unemployed, and Ku Ming, 25, former Chinese soldier were committed by Mr. E. Himsworth at Kowloon Court yesterday to the Criminal Sessions.

Second defendant was sentenced to six weeks' hard labour on a charge of escaping from the Argyle Street Internment Camp while interned there as a combatant Chinese soldier.

It was stated that he managed to escape from the Camp by obtaining a pass from a member of the Camp staff, to which he attached a photograph of his own. The escape was effected on the night of July 3.

The charge against defendants was a sequel to an unsuccessful attempt by a number of Chinese to rob an opium divan in Ping Shek village. The would-be robbers, the two defendants among them, it is alleged, were routed by an aged vegetable gardener, Shing Muk, 65, who swung a chopper at a man who was pointing a gun at him.

SOLD OPIUM

Giving evidence yesterday, the vegetable gardener stated that he permitted the entry of one man into the opium divan and sold him 20 cents worth of opium. The man lay down for a smoke, and shortly afterwards there was some knocking at the door and he admitted a number of other men. One of the newcomers pointed a revolver at him. He immediately picked up a chopper and hacked away at the man with the revolver. The smoker, he had first admitted then attempted to disarm him, whereupon he hit him on the left hand.

His wife, witness continued, blew a police whistle and all the men then dispersed. Five men were later arrested in connexion with the case.

Three other defendants, Ko Kin, 33, Tsang Hong, 27, and Wong Wing-wai, 27, were discharged for lack of evidence.

Demand For Money Is Ignored

Demands for sums between \$30,000 and \$50,000 contained in letters of a threatening nature have been received by some eight Chinese money-changers' firms in Queen's Road Central. The letters are apparently from a Triad Society and demand replies from the addressees within a week. A spot in Caine Road is mentioned as the place where the money is to be handed over.

Those firms who cannot pay the sums demanded will be allowed up to June next year to fulfil their obligations, the letters state.

It is understood the money changers have held a meeting and have come to a decision to ignore the demand.

EMBEZZLEMENT CHARGE

CHINESE ON BAIL OF \$5,000

One week's remand was granted when Yue Kar-chi, 29, unemployed, was charged before Mr. G. T. Lowry at the Central Magistracy yesterday with embezzlement of sum of money, totalling \$7,323.97, from the Wing Yue firm, of No. 131 Wing Lok Street.

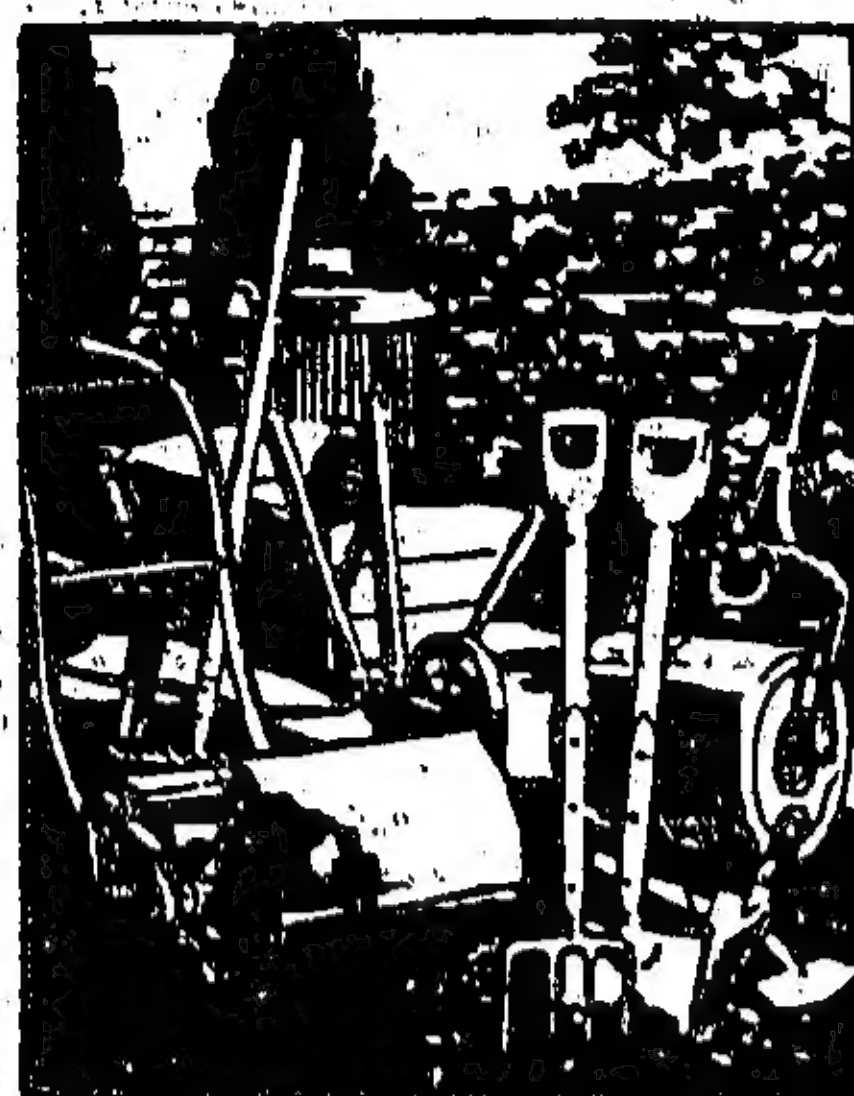

It was alleged that Yue, while being employed as manager of the firm, did fraudulently embezzle sums of \$1,000 and \$415 on February 18, 1939, \$644.10 on May 10, 1939, and \$5,267.87 on February 2, 1940.

Bail at \$5,000 was allowed.

Fish, F. J. Hunt, W. J. D. Passmore, J. Ross, A. J. Stephen, H. F. Williams, C. Willoughby and C. Young.

Decision in the case of T. M. Love, an engineer of the Taikeo Sugar Refinery, was postponed.

THE BATTLE OF THE CHANNEL

THE ATTENTION of the whole of the British Empire and of countries outside its vast confines is today focussed on The Battle of the Channel—the bid for mastery of the air between Nazi Germany and Great Britain, which is being regarded as the first phase of the long-threatened German attack on England. The battle of the skies raged with increasing fury during the past week—the Germans making stupendous efforts to destroy and break down Britain's air defences and wreck her supply depots, while the units of the Royal Air Force, apart from combating every attempt with courage and vigour, continued to create havoc in the Nazi organisation for attack by an incessant bombing of their supply centres inside Germany and in her occupied territories. Thus far the score is heavily in favour of Britain by a very wide margin. The Nazi Air Force has paid dearly for their raids on various parts of the British Isles. The proportion of losses is reported to be over four to one and it is difficult to see how Herr Hitler will be able to prevent his numerical superiority in the air from dwindling rapidly if his airmen are unable to reduce this ratio of destruction. The strain on Nazi aircraft production will soon begin to tell and Field-Marshal Goering will not only find it difficult to replace the hundreds of machines that he has lost, but harder still to supply pilots trained for such aerial warfare.

THE REPORTS of the British successes in this phase of the war on England must not be accepted to mean that the mother country has escaped unscathed in the severe raids which have been launched upon her. Damage and casualties were expected and have occurred, but the extent of such damage is negligible when compared with the severe toll which was taken from the Nazi airmen. Neutral observers who have been eye-witnesses of the raids and the aerial combats between the British and Nazi planes have unanimously described the results as unmistakable defeats for the Germans and have confirmed the fact that the British machines are vastly superior in quality and manoeuvrability and their pilots more skilled and courageous than the Germans. The successes claimed by the British Air Force, as an observer points out, must be treated as conservative, because it is impossible to stick to the rule of not claiming a victory unless it is witnessed by two pilots, but the honour of the British pilots on this question has been unquestioned in the past and the estimate of German losses is accepted unreservedly by those who have watched them in action. What is most important, however, is that Herr Hitler's plans of causing demoralisation in the British Isles with his bombing and fighter planes have completely failed and the morale of the people remains higher than ever.

Statement By G.O.C. On Withdrawal Of British Troops From China

SHANGHAI, AUG. 16.—BRITISH TROOPS AT PRESENT STATIONED IN SHANGHAI AND NORTH CHINA ARE BEING WITHDRAWN FOR SERVICE ELSEWHERE. It was officially announced last night by Major-General F. Keith Simmons, G. O. C. British troops in Shanghai and North China reports the North China Daily News.

A similar announcement was also made by the War Office in London. Leaving Shanghai, Tientsin and Peiping under the order will be the 2nd Battalion, The East Surrey Regiment, the regular battalion on duty in Shanghai at the present time, the 1st Battalion, The Seaforth Highlanders, whose regular station is Hongkong and who are on temporary duty here, a detachment of the Royal Army Medical Corps, whose headquarters are at the British Military Hospital in Central Road, a detachment of the Royal Army Service Corps with headquarters at Ash Camp, detachments of the Royal Engineers, Royal Corps of Signals, Corps of Military Police, Military Provost Staff Corps, whose headquarters are at the Detention Barracks in Tilgong Road, Royal Army Pay Corps and Army Dental Corps who are also stationed in Shanghai.

Questioned last night by the "North-China Daily News" a British military official stated that he had nothing to add to the communique which was issued by Major-General Simmons.

TROOPS IN NORTH

Troops in North China who will leave Tientsin and Peiping under the order are from the 2nd Battalion, The East Surrey Regiment. After the departure of the Durham Light Infantry from North China it was announced that the British troops in that area were being reduced. One company of the East Surreys were sent to replace the Durhams. In addition there are the usual attached units and members of Queen Alexandra's Imperial Military Nursing Service.

92 Traffic Accidents

In the Colony of Hongkong including the Island, Kowloon and New Territories during the week ending at 8 a.m. on Saturday, August 10, 1940, there were altogether 92 traffic accidents as the result of which 5 persons were killed and 23 persons were injured.

Of persons killed, an Indian boy, age 11, and three Chinese children, aged 5, 8 and 9, respectively, were knocked down and killed by a bus and three lorries respectively while crossing the carriageway. A Chinese male, age 25, died from injuries received while alighting from a moving bus and a Chinese rickshaw passenger died from injuries received as the result of a collision between vehicles.

Of 92 accidents, 44 were collisions between vehicles; 32 were collisions between vehicles and pedestrians; 16 accidents were due to other causes.

ly failed and the morale of the people remains higher than ever.

WILL THE NAZIS be able to continue this phase of their attack much longer in the face of their present costly failure? There are indications already that the raids have diminished in intensity since last Tuesday. The hurried conference between Herr Hitler and his leaders in Berlin lends colour to the belief that they are revising their plans as to the manner in which the war on England should be continued. As an American commentator points out, the Nazis probably have other cards to play against Britain. It would be extremely unwise to assume that their defeat in this initial phase of the attack means that the idea of carrying the war into England has been shelved. The Germans are tenacious and stubborn in defeat and the demand for action from the German people, who are beginning to feel disillusioned in their leaders, must see several more attempts to attain their aim of bringing Great Britain to her knees. The confidence of the British people in the conduct of the war against Germany is unshaken and it can only be repeated again and again that they are prepared for any new frightfulness which Herr Hitler and his associates may be planning for them.

EARLY MORNING LAUNCHING AT KOWLOON

NEW TUG BUILT FOR MANILA

The launching took place at the Kowloon Docks at 7 o'clock yesterday morning of the Ranger, a tug built for the Duzon Stevedoring Company of the Philippine Islands by the Hongkong and Whampoa Dock Co., Ltd.

Mrs. A. E. Southard, wife of the United States Consul-General, performed the ceremony, following which a "christening" breakfast was held at the Peninsula Hotel.

Among those who attended were Mr. and Mrs. Southard, the Hon. Mr. S. H. Dodwell, Mr. E. Cock, Chief Manager of the Kowloon Docks, Mr. L. Kadoorie and others.

The tug, which will have a speed of 11 knots, will be powered by twin diesel engines of 450 h.p. each. She was built to Lloyd's specifications and under the supervision of Mr. G. S. Morrison. Her dimensions are length 135 feet, breadth 32 feet and draft 14 feet.

INDO-CHINA BELIEVES JAPANESE ARE WAITING MORE FROM HITLER

HANOI, French Indo-China, Aug. 8.—The disclosure here today that General Issaku Nishihara, chief of the Japanese consular inspectorate in Indo-China, is returning by airplane to resume leadership of the Japanese mission, is unofficially widely welcomed in French Indo-China, writes Charles Kline in the Manila Bulletin.

TO STRENGTHEN FAR EAST It was understood in London that the troops to leave Shanghai and North China would be used to strengthen other British forces in the Far East. America, it was also stated, had been informed of the British decision.

On the sports fields the presence of British troops will be sadly missed. Since 1927 they have taken a leading part in games of all sorts and have been specially successful at association football, rugby football and hockey.

WHAT AMERICA THINKS

Somebody over in Japan must have been dining on ice-cream and shrimp. Surely it was nothing more than a bad dream which inspired the dispatch from Tokyo that Great Britain, France and the United States have signed a secret treaty for the protection of British and French interests in the Pacific, including Australia, New Caledonia, the Dutch East Indies and even Indo-China.

If this Monroe Doctrine of ours means anything it means that we never had any business taking over the Philippines. It would have been cheaper for us to give Spain 20 million dollars to keep the islands. Having once taken them, we find it difficult to turn them loose. The Philippines have decided they don't want independence so long as Japan is on the war path.

To be assuming some kind of joint protectorate over Indo-China and other French or British possessions in those waters is a little too fantastic.

It looks like we are going to be kept pretty busy looking after affairs on this side of the Atlantic and Pacific. If the subversive elements are as dangerous as they are represented to be.

“Pay As You Go” Advice
“If we pay for what we require as we go along, we are at the same time, teaching ourselves to live within our means,” said Sir John Tarbat at the opening of the Science Laboratory at Christian College, Kotte, says the Ceylon Observer.
“I am afraid, however, that in Ceylon generally speaking, credit is too readily availed of, with the result that, far too many people are living up to a standard which they cannot possibly afford,” he added.
The opening of Science Laboratory by Sir John was preceded by a social.
Sir John Tarbat said he had been informed by the Principal of the School that the Science Laboratory was given by the Governing Body of the School on condition that, there would be cultivated among the boys the habit of prompt payment of fees, because, it was felt this would ultimately result in the practice of a more valuable and more desirable habit of prompt settlement of financial obligations when they grew up to be men.
He commended to all of them the value of cultivating the habit of prompt payment, not only for school fees, but for all their requirements in life.

THE BATTLE OF FRANCE.

Co-Ordination Of Arms Was Secret Of German Tactics In Offensive

A high military authority, commenting on the tactics employed by the German Army in the offensive in France, discusses the successes of the Nazis in terms of defence and offence and in the perfect co-ordination of arms and timing in their military operations.

THE ASTOUNDING GERMAN SUCCESSES IN THE BATTLE OF FRANCE, he writes, completely reverses the assumption of the superiority of the defence over the offense.

Tactical Success:

The Belgian lines were stronger than one would have supposed and one felt convinced that no army would be able to break them inside two weeks. Actually, it was more like a matter of two hours. The "Little Maginot" line was even supposed to be stronger than the Belgian positions—yet it lasted no longer.

The German tactical success in breaking the Belgian positions in two places—where, incidentally, they seemed to be strongest—and the "Little Maginot" line, astounding as it is, is less difficult to comprehend than their ability to supply, and to continue to supply, their rapidly moving columns over great distances and throughout very considerable periods of time.

Hardly any military leaders in the world would have hesitated to say that the German advance from Aachen to Sedan and to Abbeville and northwards to Dunkirk, within the time actually taken, was a logistic impossibility in war.

Secret of Success:

As the picture unfolds, it is becoming very plain that the secret

of the German success does not lie in any weapons unknown to us. Apart from their superiority in numbers of all types of weapons, the real secret of their success lies in the co-ordination of arms—in the accurate timing of their air attacks, with bombs, gliders and parachutists; in the accurate timing of their mechanised forces, light, heavy and medium; in the timing of the arrival of their motorised units, which rapidly bring up supports of infantry and artillery from the rear; and even in the accurate timing of the long marches of their heavy foot-column.

"Fifth Column":

Nor were the Germans content to integrate solely their military forces. The "Fifth Column" has apparently been remarkably successful. The Belgian bridge and culvert guards charged with blowing these up, had orders to throw their switches over at the first sight of a German soldier. We know now that very few, if any, of these bridges and culverts were blown up. Probably these guards were shot by gentlemen who looked like simple peasants with pipes in their mouths.

One can see no other answer to the offensive power of aviation and mechanised forces—almost ruinously expensive as that answer may be—than in having still more and better aviation and tanks.

He retired in 1937 when he went into business in Hongkong. Mr. Gingles returned to the Colony by air yesterday.

RESPITE IN AIR 20 MORE DOWNED

Swift Retribution For Attack On Lightship

LONDON, Aug. 15 (Reuter).—An Air Ministry and Ministry of Home Security communique states that enemy activity has been much less pronounced yesterday though an attack was made on the morning on barrage balloons at Dover and a lightship was bombed.

An unsuccessful attack was also made on an aerodrome in Kent where two enemy dive-bombers were shot down by anti-aircraft guns. Air Force fighters also engaged the enemy at several points and inflicted casualties.

Time-Table Fails

Continued from Page 1

The MANCHESTER GUARDIAN, dealing with the same theme, notes the Berlin announcement that the attack on this island has become a general action developing according to a well laid plan. What that plan may be, adds the paper, "we shall see a little more clearly by the end of this month. It can hardly include of the set purpose loss of 78 German aircraft, bombers and fighters in Tuesday's fighting alone. The German High Command does not hesitate to sacrifice life and material but the losses of the past few days are not producing the effect of an aerial break-through though they are formidable in the extreme."

"Losses of 66 as against our 28 on Sunday, of 32 to our 13 on Monday, and of 78 to 13 on Tuesday—at that rate the supposed output from German factories of 1,800 machines monthly would be more than disposed of day by day."

DIFFICULT TO REPLACE
Crews are still more difficult to replace and the increasing ratio of bombers destroyed with loss of four or five trained men at a time is an encouraging development when it tends also to indicate the fighters' lack of ability to protect the slower and heavier bombers.

"Part of that well laid plan, of which Berlin speaks, would have to consist in explaining away these losses to the German public but for the fact that the German public is still in the darkness about their extent."

"Goering's Luftwaffe, true to plan, is now undoubtedly recognised as 'well laid' and divides its own losses by three or four and inflates ours by even a higher formula. Some Germans may wonder how such an extremely harassed force can nevertheless continue with its nightly raids on the Rhineland and simultaneous attacks on German bases all the way from Jutland to the Bay of Biscay."

GERMANY'S DISADVANTAGE
"If the aim of the well laid plan is attrition it is so far working to Germany's disadvantage both at home and in the air. But we cannot expect that the attacks will slacken. By sheer necessity of war and by tales that have been

Scattered attacks were made on several districts in the south-east and south-west. At Southampton high explosive bombs caused slight damage to a stationary train and injured several people. At Hastings a house was demolished by high explosive bombs and a number of people were injured, several fatally.

CONSTANT ACTION
Air Force fighters were constantly in action.

According to reports so far received, 15 enemy aircraft have been destroyed by Air Force fighters during the day.

Four of our fighters are missing. It is also stated that enemy air activity during the night was slight though raiders were reported over north-west England and north-east and south-west Scotland.

No reports of casualties or damage were received.

LIGHTSHIP ATTACKED

LONDON, Aug. 15 (Reuter).—A later message referring to the German air attack on a lightship in the Channel says that each raider dropped two bombs, one of which struck the lightship stern, killing two of the crew and wounding others who escaped in a boat before the ship sunk.

A flight of Hurricanes streaked across the sky and one overtook and pounced on the tail of a bomber which went spinning into the sea riddled with machine-gun bullets. Others escaped over France.

The lightship survivors were rescued.

told to his own people Hitler is too deeply committed to them. He must do something with what remains of the summer and that something we must be prepared to meet in whatever form his necessity may drive him to attempt.

"For the present, the valour, sacrifices and ability of the R.A.F. both in defence and in attack, have served us magnificently and cannot be too gratefully saluted."

THE NEWS-CHRONICLE says "The next time the Nazis seek to win a battle in a war of nerves by prophesying woe for Britain to schedule let us remember what did not happen by August 15."

The DAILY MAIL says: "Whatever may come of Hitler's talk of invasion we have won the first round, of the battle of Britain. Our seas are strewn with the wreckage of Nazi planes and Nazi hopes."

WANG CHING-WEI ASSASSINATION RUMOUR IN SHANGHAI

In reply to enquiries in Shanghai, by the North China Daily News about reports of the "assassination" of Mr. Wang Ching-wei, Mr. Ken Tsurumi stated, on Aug. 9, that, as far as had been ascertained from investigations so far, the rumour was entirely without foundation.

He was firmly convinced that it had been spread by speculators out for their gain, or by people who are hostile to the Nanking Government.

CHIANG INSPECTS TUNNEL

CHUNGKING, Aug. 15 (Reuter).—Generalissimo Chiang Kai-shek personally inspected the underground tunnel in Chungking today at noon, accompanied by Mayor K. C. Wu and others, and gave instructions for the improvement of the ventilation and lighting.

The Generalissimo walked through a good part of the tunnel emerging in mud-ankle-deep.

The inspection was due to the tragic incident on Aug. 12 when 40 persons died of suffocation when seeking shelter in the tunnel during Japanese bombing of the city.

Thousands Of Villagers Drowned

TOKYO, Aug. 15 (Reuter).—Thousands of villagers in Central China were drowned, according to a Domei News Agency despatch from Kaileng, when breaches occurred in several places of the Yellow River.

The whole area between the Lunghai railway and the old Yellow River was flooded.

Several hundred feet of embankment collapsed opposite Chung-mow and flood waters were pouring through in eight places near Wuhsia.

FLOOD IN SOUTH SHANTUNG

LOYANG, Aug. 15 (Central).—As a result of the onrush of mountain freshets caused by days of torrential rain, several rivers in south Shantung have overflowed their banks to flood wide areas there, according to arrivals from Tsinan.

Along the Sze River alone, more than 10 districts have been inundated, the hardest hit being Fuyang (Yenchow), on the Tientsin-Pukow Railway about 98 miles south of Tsinan.

U.S. WATCHING FATEFUL BATTLE

Domestic Issues In Background

WASHINGTON, Aug. 15 (Reuter).—Domestic issues are taking a back seat as Washington watches the fateful battle of the English Channel, for it is widely realised that its results may be fateful also for America.

On every hand, the hope is expressed that the R.A.F. may continue to prove its mettle.

The Washington Post declares that the stakes in the battle are of incalculable magnitude, but if Britain triumphs, the blight which for years has been spreading over the world, will be arrested.

ISSUE AT STAKE

The newspaper's political correspondent says that on the battle depends not only the fate of the British Empire but the fate of all free peoples.

He deplores the fact that while the last two months have given Britain an opportunity to improve her defences, they have also been of value to Germany in the United States, where those who once spoke of a "phony" war now talk of "phony" fears.

The result is that American eagerness to help Britain is being blunted by "wild under the wind of irresolution."

FRIGHTFUL CLIMAX

The Baltimore Sun says that clearly the war is moving to some new frightful climax and adds that Germany is preparing some new main stroke, the fate of which will not be known until it "encounters the determined resistance of a resourceful people."

With the mounting anxiety caused by the opening of the blitzkrieg, some circles here think that President Roosevelt may shortly take action concerning the sale of destroyers to England.

Soundings on the subject are reported to have already been made in Congress on his behalf.

U-Boat Sinks Auxiliary Cruiser

LONDON, August 15 (Reuter).—It is officially announced that the auxiliary cruiser Transylvania, 16,000 tons, was torpedoed and sunk in the Atlantic last night by a U-boat.

Three hundred survivors were landed in a Western County port and 30 are still missing.

GREEK SHIP TORPEDOED

ATHENS, Aug. 15 (Reuter).—It is officially announced that the Greek cruiser Helle, 2,000 tons, was torpedoed at 8.30 a.m. today by an unknown submarine, while lying at anchor, half a mile from the mole of the Greek island in the Aegean Sea.

The cruiser was dressed "all over" in honour of the festival of the Assumption.

The submarine submerged when the torpedo was fired.

There were 31 casualties.

DEFEATISM SPIRIT AMONG ITALIANS

CAIRO, August 15 (Reuter).—Despite the fact that a large-scale clash in Somaliland is imminent, the situation on the Libyan frontier remains remarkably quiet.

It appears there has been a setback in Italy's plans for an invasion of Egypt which 10 days ago appeared to be imminent. This may be due to the destruction wrought by the R.A.F. on the Nazi and Italian air forces.

The deadliness of the R.A.F. in the Channel combats caused astonishment here and praise for the British airman's prowess.

ITALIAN MISGIVINGS

R.A.F. destruction wreaked on the Italian air force created an enormous impression and it is reported that there is a feeling of misgiving among the Italians in Libya who listen to Cairo broadcasts.

The moral effect of many pilots not returning from encounters with the R.A.F. is considerable. The knowledge that companions, regarded as the pilots, were shot down so rapidly that five were descending by parachute at one time in a recent encounter is stated to be causing a feeling bordering on panic.

En Route To Canada

CHINESE BOXER SCHOLARS

CHUNGKING, Aug. 15 (Reuter).—The seventh group of British Boxer Fund scholarship students are at present en route to Canada for higher studies following a temporary change of plans due to war conditions regarding the sending of Chinese students to England.

The group, numbering 24, left China on Aug. 8 for Canada. They were scheduled to leave China for England last September but the outbreak of war in Europe interfered with their plans.

The Board of Trustees administering the British Boxer Fund originally planned to postpone the departure of these students until the close of the European war but, as no early peace was in sight, it decided to send the students to Canadian universities, including Montreal, Toronto and McGill Universities.

During last year these students continued research work in Chinese universities.

BRITISH CLAIMS OF GERMAN AIR LOSSES RELIABLE: STATISTICIAN TELLS OF STRICTEST SCRUTINY

Hurried Reports Satisfy Goebbels

LONDON, AUG. 15 (REUTER).—AN EXAMINATION OF THE METHODS EMPLOYED IN CHECKING UP JUSTIFIES THE ASSURANCE THAT BRITISH CLAIMS OF German air losses are not only 100 per cent. reliable, but are, if anything, an understatement of the actual Nazi losses.

In the compilation of statistics, a claim is never put forward of the loss of a German machine unless evidence, as far as is humanly possible, is utterly conclusive.

Commander On New Feeling In R.A.F.

LONDON, Aug. 15 (Reuter).—Only three cases of engine trouble in two years is the proud record of one squadron of Spitfires, its commander reveals. The planes are very reliable, the Squadron Commander says, and new pilots take to them like ducks to water.

During an engagement at Dunkirk, they sailed into a formation of 80 Nazi planes and shot down 19 of them, without one Spitfire sustaining a single bullet hole.

From Dunkirk, the squadron turned its attention to the defence of Britain.

"FIGHT LIKE DEUCE"

Every man, the commander went on, feels something stirring inside when he sees bombs being dropped on Britain, and this "makes him fight like the very deuce" to prevent it.

"There is a new sort of feeling here since the first Dover battle," he continued.

Describing what happens when the squadron receives instructions as to where the enemy is, he said that they flew off at a great height until they located the enemy and then shot down to about 4,000 feet, pouncing on the bombers and fighters.

His own impression of a dog-fight is that one suddenly hears the noise of what seems to be a typewriter. This means that a Messerschmidt is firing on you from behind.

SOLUTION SOUGHT FOR POLITICAL DEADLOCK

LONDON, Aug. 15 (Reuter).—Initiating the debate on India in the House of Commons yesterday Mr. L. S. Amery, Secretary for India and Burma, spoke on the background of the political controversy in India and the deadlock which had led up to the recent statement by the Viceroy.

He said the Government of India Act represented a remarkable feat of constructive statesmanship on the part of Parliament. So far as the provincial part of the Act was concerned, it came into operation and was still being worked successfully in four out of the 11 provinces of India.

It was temporarily suspended in the others even through purely extraneous causes. Delays had afforded occasion for development of adverse criticism and opposition, in the face of which the enforcement could no longer serve the purpose for which they were originally intended.

This opposition came from different quarters in India and was based on opposite reasons.

The constitutional deadlock in India was not one between His Majesty's Government and concentrated Indian opinion. His Majesty's Government was only one of the parties concerned.

The immediate offer contained in the Viceroy's statement was that of an extension of his council so as to include the leading members of all political parties as well as the establishment of a wider War Advisory Council on an All-Indian basis, associating on the conduct of the war representatives of Indian states and representatives of national life in India as a whole.

The Viceroy's immediate offer was the paving of the way towards speedier attainment of the goal of Dominion Status. It was not, as was so often suggested, an inferior of dependent status.

Many independent nations were not free to live their lives as they wanted.

Replying to the debate, Mr. Amery said that he believed that both Britain and India would contribute to the joint efforts in order that there might emerge something of which both Britons and Indians alike could be proud for generations to come.

Plans are already being made to remodel Denmark on German lines. Previously comfortable people are now starving and everything in Denmark has been taken and replaced by substitutes that are worth very little.

The whole of Europe is to provide supplies for the German Army, without any recompensation.

"REAL WAR WILL BEGIN WHEN WE TAKE OFFENSIVE"—EDEN

FREE FRENCH SAILORS

Many Assisting In Allied Cause

LONDON, Aug. 15 (Reuter).—Mr. R. A. Butler, Under-Secretary for Foreign Affairs, was asked in the House of Commons yesterday what steps were being taken to enable French refugee sailors of the Mercantile Marine and fishermen, who were now in this country, to secure a livelihood and to assist in the Allied cause.

Mr. Butler said that arrangements were made for those French sailors who were willing to continue to serve in their own ships to do so, sailing under the British and French flags, receiving the same pay and working in the same conditions as British seamen.

Many had accepted those conditions though others had wanted to return to France and were now awaiting repatriation.

Every effort had been made to enable the French fishermen now in this country to go to sea, and fish from their own vessels, thus contributing to the nation's supplies of food.

Ultimate Victory Assured By Superior Sea Might

LONDON, Aug. 15 (Reuter).—"For us, the real war will begin when we take the offensive and strike home at the enemy. That is the way wars are won and that is what we mean to do," said Mr. Anthony Eden, Secretary of War, in a broadcast last night.

"German propaganda had said that the summer of 1940 would see the end of the war. We think otherwise. For us, the real war in which the British Empire will put forward the whole of its strength has hardly begun."

Mr. Eden said that it had been proved before and would be proved again that sea-power is a stronger weapon than land-power.

The Germans knew this well, but they hoped in this war, to overcome the difficulty by mastery of the air; but a vastly superior sea-power with a rapidly growing air-power was a much more likely means.

That was our position and that was one of the reasons why Channel victories were more in our favour than Germany's.

The superior sea-power we possessed, and the superior air-power which we were determined to reach, combined with an ever-increasing army, would secure our victory.

Referring to the future, Mr. Eden said:—

Axis Co-operation In Field Of News!

LONDON, August 15 (Reuter).—Germany and Italy have apparently decided they had better tell the same story in their communications and other "news" announcements.

Distributions Made By B.F.R.D.C. From Jan'y. To June, 1940

A balance at credit of \$72,316.54 is shown in the audited accounts of the British Fund for the Relief of Distress in China (Hongkong and South China Branch), for the first half year of 1940, ending June 30.

The Board desires to express publicly its sense of appreciation and gratitude to Messrs. Percy Smith, Seth and Fleming for having undertaken the audit of the accounts of the Fund free of charge.

RECEIPTS

On the receipts side, the accounts show that to a balance of \$59,407.97 brought forward at Dec. 31, 1939, a sum of \$38,235.56 in subscriptions and donations from Jan'y. 1 to June 30, 1940 has been added.

This sum comprises a donation of \$61,250 from the Hongkong Jockey Club and \$26,985.56 in sundries. Together with \$289 in Bank interest, the total receipts were \$147,932.53.

PAYMENTS

On the payments side, the following donations were made to the Foreign Auxiliary to the National Red Cross Society of China as follows:

\$10,000 for the purchase of agricultural implements and seeds and for maintenance of food kitchens for Po-On, Waichow and Tungtung; \$21,100 for food centres in Canton and Kwangtung; \$4,213.49 on behalf of the Canton International Red Cross Corps (maintenance of whole service corps for April, May and June, 1940); \$4,000 for maintenance of 10 foreign doctors doing refugee work in China for the period May to December, 1940; \$4,800 to the Kwangtung and Hongkong Christian Relief Committee at Yan Ping, since removed to Kung Yik area.

Other payments include \$5,000 to the Shumchun Rural Welfare Centre (rehabilitation of farmers); \$1,600 to Po Leung Kok; \$3,000 to the Hon. Dr. P. S. Selwyn Clarke for interned soldiers; \$500 to the Little Sisters of the Poor; \$10,000 to the Hongkong Refugee and Social Welfare Council (food kitchens); \$6,000 to Rev. H. A. Whittebach (Relief of Chungshan District).

The total payments amount to \$75,615.99.

KWEILIN NOW RENDERED SAFETY ZONE Y'S MEN'S CLUB ADDRESS

Mr. C. D. Sing, who arrived from Kweilin recently, was the speaker at the weekly tiffin meeting of the Hongkong Y's Men's Club held at the St. Francis Hotel yesterday.

Members present were: Messrs. C. P. Wong (President), L. K. Chu, S. W. Li, Y. Y. Wang, K. Y. Wong, Y. T. Chow, S. P. Tan, Albert Chan and J. Chen.

Mr. Sing opened his brief talk by quoting a Chinese saying, "Mountain and water in Kweilin are second to none under the heaven," and added that mountain and water were now rendering that city a safety zone against Japanese air raids.

People from other cities in the interior were pouring into the city and the population was now 170,000 against 130,000 previously and 70,000 before the outbreak of Sino-Japanese hostilities. The housing problem was daily becoming very acute.

COST OF LIVING

The cost of living in Kweilin was soaring owing to lack of imports. Luxuries were strictly prohibited. Foreign goods could be obtained only at a very high cost and the cost of one pound of coffee was \$23, according to Mr. Sing.

But the local products were increasing rapidly. Communication in that part of the country was very efficient and besides air services and highways a new railway had been recently completed between Linchow and Kweilin.

Mr. Sing concluded by remarking, "It is clear that China is on her way to win the war."

HONGKONG BOY'S SUCCESS

Walter Pryde, who was educated at the Central British School and obtained the Peace Memorial Scholarship from that school in 1937, has obtained his degree at the Cambridge University, gaining 1st class honours in Agricultural Science.

PHILIPPINES THANKED BY BRITAIN

GRATITUDE FOR TAKING CARE OF H.K. EVACUEES

The High Commissioner of the Philippines has received by air mail a copy of a letter, dated July 15, addressed by the British Ambassador, the Marquess of Lothian, to the U.S. Secretary of State, Mr. Cordell Hull, expressing the gratitude of the British Government for the hospitality extended to the Hongkong evacuees.

THE LETTER

The letter said: "I have the honour, under instructions from His Majesty's Principal Secretary of State for Foreign Affairs, to convey to you an expression of the most sincere appreciation of His Majesty's Government in the United Kingdom for the facilities so generously afforded for the evacuation of British women and children from Hongkong to the Philippine Islands."

"His Majesty's government is deeply grateful for all the assistance which has been given in this connexion not only by the Philippine Government but by the United States Army and also the Philippine Red Cross and their gratitude is shared by all those British subjects for whom so much was done."

"I should be grateful if this expression of His Majesty's government's gratitude could be conveyed to all those concerned in the Philippine Islands."

HONGKONG'S THANKS

The High Commissioner's Office also announced that the American Consul General at Hongkong had been requested by the British General there in command to express to the High Commissioner, and through him to the Philippine Government, to the United States military authorities, and to the Red Cross, the British General's gratitude for the fine hospitality and assistance given the British women and children evacuated from Hongkong during the past few weeks.

The British General states that he and those who worked with him there have been greatly impressed and moved by the courtesy and kindness experienced in Manila by the evacuees from Hongkong, and that they genuinely appreciate the unique effort involved in taking excellent care of such an unusual number of visitors.

PASSENGERS

The following passengers left Hongkong recently: Mr. A. W. Black, Mrs. V. Boyd, Miss N. Boyd, Miss M. Dudley, Mrs. J. Ghanshyam, Dr. J. Gray, Mr. and Mrs. J. A. Hearden, Mr. and Mrs. G. G. Heide, Mr. D. F. Hughes, Mr. H. E. Lane, Mr. L. Nath and Mr. M. M. Patison.

MANILA ARRIVALS

The following passengers arrived in the Colony from Manila recently: Mr. T. Assanmal, Mr. V. Assanmal, Mrs. L. Beddie, Mrs. E. Botelho, Miss C. Botelho, Mr. S. J. Chen, Mr. J. Cheng, Mr. T. Ching, Miss M. Donnelly, Mr. H. L. Huang, Mrs. K. Hyde, Miss C. Hyde, Mrs. A. Jefford, Mr. H. Kilpatrick, Mrs. K. Lamb, Master C. Lamb, Mrs. B. Sanchez, Master B. Well, Mrs. F. Wilcox, Miss A. ORDINATION CEREMONY AT CATHOLIC CATHEDRAL

An Ordination ceremony took place at the Roman Catholic Cathedral yesterday when Holy Orders were conferred on four new priests of the Hongkong Vicariate and on four members of the Salesian Congregation.

The newly-ordained priests are: Frs. Thomas Yu Wing Hing, Stephen Lam Tsai Chi Anthony Chau To Man and John Wong Yung Mook. The Salesians who were ordained are: Frs. Francis Wong, John Clifford, Gervardus Roozen and Peter Urbailis.

The ceremony was performed by the Bishop, Mgr. Valtorta, assisted by many members of the clergy, and there was present a large congregation which included many relatives and friends of the young priests.

FIRST BLESSINGS

It began with the singing of "Ecce Sacerdos Magnus" on the entry of the Bishop and continued until the conclusion when the new priests individually imparted their blessing to the members of their family and friends.

The addition of four priests to the Chinese clergy of the Hongkong Vicariate raises the number to twenty-three, who, in conjunction with the foreign priests, minister to the Catholic population in the Colony of Hongkong and in a very wide area beyond it.

CATHOLICS IN H.K.

There are close on 40,000 Catholics in the whole Vicariate, of whom approximately half are in Hongkong.

The Salesian Congregation has charge of the Vicariate of Shing-chow, Kwangtung, and in addition the Fathers conduct Industrial Schools in various parts of the country. In Hongkong they have directed the St. Louis Industrial School since 1927 and for the past five years have also had charge of the Industrial School in Aberdeen.

BLACK-OUT ORDER

It is hereby notified that in exercise of the powers conferred on him by paragraph 22 of the Black-out Order, 1940, His Excellency the Officer Administering the Government declares that the period from sunset on Tuesday, Aug. 27, until thirty minutes after the sounding of the RAIDERS PASSED signal, shall not be later than 2 a.m. on Wednesday, Aug. 28, shall be an occasion of experiment or practice for an occasion of emergency or public danger, during which the said order shall be in force in every district in this Colony.

ESKIMOS BECOME BOY SCOUTS

Even the Eskimos have joined the Boy Scout Movement. A complete Eskimo Scout Group has been established in Labrador.

Many of the members are so isolated that the group's work has to be done mostly by correspondence, with only an occasional night or week-end meeting at headquarters.

In England, 400,000 Scouts are collecting waste paper three nights a week, to help the Paper Control Board conserve stocks of wood-pulp for cellulose and other war requirements.

Three Kidnappings Within Two Hours In Shanghai

AN EPIDEMIC OF KIDNAPPING followed in the wake of the recent wave of other crimes on Aug. 8 and in three kidnappings cases reported to have taken place within two hours in the early morning, six Chinese, including three well-known local merchants, were spirited away, reports the North China Daily News of Aug. 9.

In one case two of the victims were released. According to the police none of the abductions were actuated by political motives but by the influence of the victims.

The An Tung Hotel at 131 Hoopoh Road was the scene of the first kidnapping.

At about 6.30 a.m. two rice merchants, Wong Sing-pa and Tsu Tock-ching were abducted from room 258 of the hotel by three kidnappers in a hire car, believed to belong to the fleet of taxis of the Johnson Garage.

ARMED KIDNAPPERS

The kidnappers, who were armed, entered the room and, at the point of a gun, ordered their victims to proceed to the waiting garage car outside. It was learned that another private car had also been commissioned to take part in the crime by the abductors. Once the victims were safely in the vehicles, they were driven away in a westerly direction.

The victims it was ascertained have been living in the hot for nearly a month and came from Sunghing near Sungkiang.

SILK MERCHANT VICTIM

Mr. Chao Shiao, a wealthy silk merchant, his brother and his young adopted son were the victims of kidnappers in the second abduction case which engaged the attention of the police yesterday.

At about 7.45 a.m. the trio were about to enter Mr. Chao's private car outside his residence at Lane 9, 470 Yu Yuen Road, when they were pounced upon by three Chinese, one armed.

The car, licence No. 1446, was commandeered by the intruders, who ordered the chauffeur to drive along Yu Yuen Road, Tifeng Road, Great Western Road and Avenue Foch where the chauffeur was forced to leave the car.

The car then proceeded on its way but on nearing Yates Road it came to a halt and the kidnappers ordered Mr. Shao's brother and adopted son to alight. They then drove away in an easterly direction and the car was lost sight of.

FORD CAR USED

A Chinese woman figured as one of three kidnappers who perpetrated the third kidnapping of the morning and used a Ford hire car to abduct their victim, four-year-old Lech Dar-nun, the son of wealthy Soochow resident here.

The kidnapping took place in the Yung Ling Alleyway off Jing Woo Road. One of the kidnappers, who was armed, fired two shots in

Philippines President's Birthday

The sixth nationwide anti-tuberculosis birthday celebration in honour of President Manuel L. Quezon, sponsored by the Philippine Tuberculosis Society, will be held in varied forms in the provinces, cities and municipalities, according to reports pouring in daily at the central office of the society, says the Manila Bulletin.

For instance, in Tuguegarao, Cagayan, the celebration is in the form of a petit carnival. A night in this petit carnival, Aug. 19, will be designated as President Quezon's birthday night, with Governor Servando Liban as chairman of the committee in charge of the ball. Mrs. Paz M. Catolico, president of the Tuguegarao women's club and of the puericulture center in that provincial capital is the general manager of the petit carnival.

VARIED PROGRAMME

In many cities and municipalities, principally in the cities of Baguio and Bacolod and in remote towns in many provinces, the celebration will be featured by programmes. However, the general feature common to all the celebrations will be the anti-tuberculosis birthday ball.

In Manila, the Philippine Tuberculosis Society is taking direct charge of the anti-tuberculosis birthday ball and pageant, which will be held at the Santa Ana Cabaret on the night of Aug. 19. In the pageant will appear local film stars, among them being Carmen Rosales, Lucita Goyena, Rogelio de la Rosa, Fernando Poe and Serafin Garcia, who will reenact scenes of popular pictures in which they played leading roles.

Reserved tables for the Santa Ana Cabaret affair are selling fast.

The air to scare onlookers who had been attracted to the scene. The victim was bundled into the car which drove away in a westerly direction along Halpin Road towards the Settlement boundary.

WIDESPREAD FLOODS IN SHANGHAI

TRAM SERVICE SUSPENDED

Extensive flooding in all parts of Shanghai followed the torrential rain experienced on August 5, reports the North China Daily News.

Large areas of Nanking Road, from Sincere's to Mohawk Road were up to two feet in water, streets behind being even more deeply flooded.

The Yuen Ming Yuen Road district was also under water, besides Yu Yuen Road and the "hadiands."

The Racecourse became a lake, the race track being completely swamped, and the level of the ditch around the grounds rising by nearly two feet.

The floods had their consequences in the form of traffic difficulties, especially of Nanking Road. Many buses were taken off their routes due to fear of engine trouble, and last night all trams and trolleys were kept in their garages.

Radio Station XNHA was forced to suspend transmission owing to fear of fusing the valves, but it was expected that broadcasting will be resumed on Aug. 8.

DISPUTE ON WHEN TO STRIKE MAY BE DELAYING NAZI BLITZKRIEG, SAYS U.S. WAR CORRESPONDENT

THE DELAY IN THE GERMAN BLITZKRIEG ON ENGLAND might possibly be due to disagreement between Hitler and his military commanders as to when to strike, Mr. John McCutcheon Raleigh, young American war correspondent, who was attached to the German armies on assignment for the Chicago Tribune and the National Broadcasting Company in the Polish campaign, told a Manila Bulletin newsmen on Aug. 8.

The High Command Staff of the German army is an extremely efficient machine that operates smoothly, he said, with one exception.

Hitler is utterly ruthless insofar as lives are concerned, while his military chiefs favour temperance of military moves. As a result, the army has balked on more than one occasion, as it did in the Norse campaign, because the High Command did not see eye to eye with the Fuehrer's conceptions of when and where to strike.

50-50 CHANCE

"Or" it may be that Hitler is getting ready, for he will not strike unless he has more than a 50-50 chance of getting what he wants," Raleigh said.

"Hitler isn't bluffing, either. Those who think he's bluffing are doing a lot of wishful thinking, and are themselves indulging in a dangerous form of fifth-column activity."

Mr. Raleigh speaks from a background of eye-witness experience with the German military machine and the way a blitzkrieg works. He watched the ebb and flow of the battle for Gdynia, met and talked with Hitler during the siege of Warsaw, and was one of two American correspondents detained by the Gestapo in Munich following the Burgerbau cellar explosion.

He was one of the first to broadcast from Poland after the outbreak of the war, and while in Germany was heard daily over the NBC network.

GERMAN ARMY

In an article which appeared in the Saturday Evening Post of June 15, Mr. Raleigh described "what makes the German army tick." The Post prescribed it as required reading for everyone interested in the defence of America.

Mr. Raleigh said that discipline in the German army is never over-ridden by kindness.

"Behind the Nazi effort," he said, "is cold, calculating Hitlerism, the philosophy of which is perhaps best expressed in the motto: 'Your son will not return! Hei! Hitler!'"

The morale of the German soldier is good, and probably will remain that way as long as food and supplies are available, Raleigh stated. He expressed the belief that it is unlikely that revolution or mutiny will ever come from within the army. However, he pointed out, he did not wish to give the impression that the German military machine is either invulnerable or without faults.

ENGLAND PREPARED

Mr. Raleigh expressed the opinion that England today is sufficiently prepared to "weather the storm" of a Nazi attack. Factors on the side of England are the superiority of the English Spitfire warplanes over the German Messerschmitts and Stukas, and the fact that, all around, the English fighting man is superior to the German soldier.

On the other hand, most of the soldiers Germany can hurl against England are veterans of actual warfare—and that is a fact which outweighs the best training on the drill grounds, the newsmen pointed out.

Mr. Raleigh said that one of the best offensive measures that England can take against Germany would be to bomb Berlin. Correspondents claim that the German populace is scared to death of air raids. The attitude of the German people in this respect contrasts sharply with the attitude of the French and Belgians who are more or less familiar with what bombings mean, Raleigh said.

BERLIN'S DEFENCE

However, he did not suggest whether this was a military possibility at this time, because Berlin is one of the best defended European capitals from the standpoint of air attacks. He said such a move would cause a heavy loss of planes, adding that an air attack upon London would prove equally as costly.

LORDS DEBATE ON INDIA

FULL CO-OPERATION ANTICIPATED

LONDON, Aug. 15 (Reuter).—During the debate on India in the House of Lords yesterday the Duke of Devonshire said that all indications showed that there would be widespread response to the recent statement by the Viceroy.

"The statement affords an opportunity so long awaited and will make possible immediate and full co-operation on a provisional basis without prejudice to the views of any co-operator about the future."

VISIT CONCLUDES

BOMBAY, Aug. 15 (Reuter).—The Viceroy left Poona yesterday after a four-day visit during which he granted interviews to several prominent political leaders including Bhulabhai Desai (Congress Leader), Mr. Jinnah (Muslim League), Sir Chimanlal Setalvad (Liberals) and Dr. Ambedkar (Depress Classes).

Mr. Jinnah had a second interview at which he sought further clarification of the Viceroy's statement of last Wednesday.

PRELIMINARY BUILDING

The Duke of Devonshire said that he did not think it was possible to go on with the framing of the constitution under war conditions but they could go a long way towards preliminary building.

The collapse of France had brought home to every Indian that realisation of his hopes of freedom depended on the defeat of the common enemy. All indications showed that there would be a widespread response to the Governor-General's proposals for full co-operation on a provisional basis.

PROVISIONAL SETTLEMENT

"It represents, of course, merely a provisional settlement and it cannot in the nature of things be more than that for two reasons. Firstly I don't think it really possible to scrap and rebuild the constitution of a great country in the middle of war and secondly no further steps can be taken towards self-government in India except as 'the result and on the basis of Indian agreement.'"

CONTROL OF EXPORTS

Govt. Conservation Of War Supplies

LONDON, August 15 (Reuter).—In the House of Commons yesterday, the Government were asked whether they would consult with the governments of the Dominions and other parts of the British Commonwealth with a view to conserving measures similar to those recently adopted by the Government of the United States for the purpose of conserving all supplies vital to war requirements and for the needs of the Commonwealth itself.

MEASURES ENFORCED

Mr. G. H. Shakespeare, Under-Secretary for the Dominions, said that measures for the control of exports had been enforced in all parts of the British Commonwealth since the early days of the war.

The British Government were in continuous touch with the governments of the Dominions and the governments of other parts of the Empire as to the operation of those measures in such a manner as might be best calculated to assist their common war effort.

SALE OF CREAM PROHIBITED

LONDON, August 15 (Reuter).—The Ministry of Food announced that the sale of all kinds of cream will be prohibited from October 1.

The object is conserving liquid milk supplies to use them for the manufacture of essential dairy products.

The milk saved, amounting to approximately 70,000,000 gallons in a normal year, will be diverted to other purposes.

AXIS TRADE IN BALKANS

Nazis Undercutting Italian Business

LONDON, August 15 (Reuter).—Italians in Yugoslavia are expressing concern as the way Germany is cutting them out of the trade markets.

Yugo-Slavia had agreed to supply Italy with 1,500 tons of copper a month, but has now been forced to promise this to Germany.

Slovakia under Nazi guidance is undercutting Italy in the Yugo-Slav markets by offering certain merchandise at 47 dinars as against 67 dinars which is Italy's lowest price.

ITALY IGNORED

Germany, the same Italian circles complain, never consults Italy on any economic measures she takes in the Balkans, although she is bound to do so under the 1935 agreement.

Some Italian circles openly state that if Germany wins this war she will turn Italy into an agricultural country just as she is planning to do with France.

British Contraband Seizures

LONDON, August 15 (Reuter).—It is authoritatively stated that during July, Britain seized 45,300 tons of contraband of which 34,600 were taken from neutral ships and 10,700 were from Italian ships.

LONDON STOCK EXCHANGE

LONDON, August 15 (Reuter).—The Stock Exchange opened brighter, and more active in all groups but activity subsequently reduced with consequent reaction to prices, though small net gains in most cases were retained. Railways, Coppers and Rails maintained their early improvements.

EFFICACY OF NAVICERTS**SHIPPING TONNAGE OVER 21 MILLION**

LONDON, August 15 (Reuters).—Contraband cargoes, seized in neutral ships during July were mostly bound for Italian ports and in some cases sailed before Italy's entry into the war.

The navicert system introduced on August 1 is reported to be working well and the number of applications the second week were 50 per cent. more than in the first week.

There are now 7½ million more gross tons of shipping available to the Allies than when war began.

LONGER SEA ROUTES

The British Empire had about 21 million tons, counting vessels over 100 tons. Owing to captures, building and flag transfers, the total was now slightly over 21 millions despite losses, while 7½ millions were available from Norway, the Netherlands and other Allies.

The advantages obtained in recent months have compensated for the much longer distances which the vessels must go for supplies.

The Executive Council of the National Union of Distributive and Allied Workers are to lend \$50,000 to the Government free of interest. They have also authorised the purchase through the Trades Union Congress of four mobile canteens for use of members of the Forces, says British Wireless.

UNITED ECONOMIC AND DIPLOMATIC FRONT CAN CHECK JAPAN

BAGUIO, Aug. 8.—James Bertram, New Zealand author, lecturer and newsman visiting in Baguio, told a select group of Baguio residents last night that a united economic front by nations with a common interest in the Far East will check Japanese expansion in the Orient, reports the Manila Bulletin.

"The Far East," he said, "can still save itself from Japanese aggression through a combination of forces."

An Anglo-American co-operation remained in power and failed to secure Russian support against the Nazis with whom the Russians made a deal. War, therefore, was inevitable with military odds against Britain and France and favouring the fascist powers.

To make matters worse Britain and France entered the war with Munich leaders still at the helm of the nation. At the same time that Britain announced resistance to aggression in Europe its policy in the Far East was appeasement of Japan at China's expense.

The German invasion of Norway, he continued further, swept Chamberlain out of office but he remained in the cabinet and Halifax continued as foreign secretary. Labour came into the government in key home ministries but foreign policy remained in the hands of the Tories.

This proved fatal, the lecturer believed, because of contradictions in policy.

EXAMPLE OF FRANCE

The fall of France which shocked the world left Great Britain alone to face the enemies, but with the example of France before them the British people have still a chance to close ranks against the enemies from without. From within it would be wise to drop Chamberlain and all that he stands for, he said.

British policy in the Far East, the lecturer said, would be compromised if she continues to deny the demands of India for independence, sell out China and accept Japanese demands.

He believed that the only barrier to Japanese domination of the southern Pacific is the Chinese armed struggle. If the Chinese resistance weakens Japan will soon free herself for further expansion southward.

The lecture was given under the auspices of the China Relief Committee, headed by Mrs. E. E. Crouter. Mr. Bertram is staying with the Edgar Snobs at the Worcester cottage.

ARMY OFFICER DETAINED IN TOWER

QUESTION RAISED IN COMMONS

LONDON, August 15 (Reuter).—A question concerning the detention of a British officer in the Tower of London was addressed to the Secretary of State for War in the House of Commons today. The Minister was asked why Major A. D. Wintle, M.C., of the Royal Dragoons, was confined to the Tower of London on June 22 but no charge was preferred against him until August 7. W. O. ORDERS Replying the Under-Secretary for War, Sir Edward Grigg, said that instructions were sent from the War Office to the Western Command on June 20 that Major Wintle must be placed under close arrest and charged under Section 41 of the Army Act with committing a civil offence—assault. He was arrested on June 21 and was informed that he was charged with committing a civil offence. He was brought to London and was informed on June 23 that the civil charge would be one of assault.

NEW CHARGES

As the result of investigations, the Judge Advocate General Department, advised that certain new charges should be added. This involved the collection of statements from other officers which took a little time. Sir Edward Grigg said Major Wintle was furnished with the complete charge sheet and an abstract of the evidence on August 7, and a Court Martial was provisionally summoned for August 12. On August 9 it was postponed to August 19 and later to August 28 on Major Wintle's request. The new charges were conducive to the prejudice of good order and military discipline. Sir Edward Grigg continued: "I may add that Major Wintle's personal courage has never been in question. The charges are related entirely to discipline."

NATIONAL SALVATION BONDS PAYMENT

HONGKONG, Aug. 15 (Reuter).—The Ministry of Finance announces the third payment of interest on National Salvation Bonds made on May 31 by the branches of the Central Bank of China, the Bank of China, Bank of Communications and the Farmers Bank. Payment for Shanghai holders will be made temporarily in Hongkong. Holders overseas will receive payment through the Bank of China and the Bank of Communications in Hongkong. There will be no payment after a period of three years, as from Aug. 31, 1940.

THE WEATHER

The maximum temperature yesterday was 89 and the minimum 80. (The Royal Observatory report states:—A weak anticyclone covers the Pacific to the east of Japan. The depression in the China Sea is situated about 120 miles to the west-south-west of the Paracels, moving W.N.W. The Pacific depression is moving westward about 350 miles to the north-north-west of Yap.

Most Amazing Traveller

Continued from Page 1

Three years later he gave up his interests in aviation and decided to devote his whole time to exploration. In 1932 he led his first expedition into the remote and little known regions of Central and Northern Tibet. He studied the languages of the people, their customs and culture; he mapped and surveyed the hitherto unexplored territories and brought back with him thousands of pictures and records of peoples and places no white man had ever seen or photographed before.

FAMOUS CLUB

So valuable, indeed, were his contributions to world knowledge that on his return from Tibet Mr. Forman was elected to membership in the famous Explorers' Club of New York and was made a Fellow of the American Geographical Society. He was immediately accepted as the foremost authority on Tibet and his services were used as Technical Director for Frank Capra's 1937 Motion Picture Academy Award film "Lost Horizon."

Mr. Forman successfully organized two further expeditions into Tibet and his travels then took him exploring into Formosa, Mongolia, Manchukuo and the hinterland of China. His collection of pictures gathered together in the course of these expeditions number over 25,000, and they have appeared regularly in such well-known magazines as Life, Look, and National Geographic, while features from his 100,000 feet of exclusive films have been released throughout the world by The March of Time and Paramount News.

COVETED NICHE

Mr. Forman has also won a coveted niche as a camera-journalist. He is the only observer in the world today who anticipated and was present at the outbreak of the wars in Europe and the Far East.

His pictures of the bombing of Shanghai on "Bloody Saturday" Aug. 14, 1937, just three years ago, strange to say got to New York a week ahead of all other competitors and were acknowledged as world-scenes. Mr. Forman has been the only journalist to secure the first and only motion pictures of the military machine of the Chinese Communists, the dynamiting of the Yellow River Dikes 1,000 miles to the north-west of Shanghai—a strategy which stopped the Japanese advance on Hankow—and the clash between the Japanese and Russians at Changkufeng Hill in 1938 on the Siberian border in the fall of 1938.

Mr. Forman, with his uncanny sense for always being in the right place at the right time, landed in Warsaw on the very day that the Germans began their blitzkrieg on that city and once again, Harrison Forman scooped the world with the first motion pictures of the War in Poland.

AT WORLD'S FAIR

At the World's Fair in New York this year were seen results of Mr. Forman's work—the triumphing of his theories and mythology of Tibetan Lamasism with elaborate ritualistic prayers, dances, sacrifices, incantations and processions to be authentically re-enacted within the million-dollar Tibetan Temple which represented the nucleus of the Harrison Forman Forbidden Tibet Exhibit.

NG NIN AGAIN TO THE FORE

A most successful gala was held by the Chung Shing Benevolent Society last night at Kennedy Town when a record crowd enjoyed the sport and listened to fine Chinese music provided by Sun Liang-chow, the well-known actor. Poor entries in the 150 metres (open to the Colony) deprived fans of a good race—the home trio proving far too good. Ng Nin was again to the fore when he clocked 30 1/5 secs. in the 50 metres breast stroke. In the men's 200 metres free style Ng Nin proved himself to be in a class on his own by annexing this event with comparative ease. The men's 50 metres "sprint" was keenly fought out between Ng Chan-man, the Varsity crack, and Fung Kwai-sang resulting in a close win for the former.

THE RESULTS

The following are the results:—1. Men's 150 metres medley relay (Open to Colony):—1. Chung Shing "A" (So Tin-mo, Ng Nin and Ng Chan-man); 2. Chinese "B" (Yeung Yiu-kwan, Chan Kam-fui and Chan Wing-kai); 3. Chung Shing "B" (Fung Kwai-sang, Tsang Chap-hi, and Cheung Chi-heung) Time: 1 min. 38 secs. 2. Ladies' 200 metres breast stroke:—1. Mr. Forman's abilities as an author are reflected in his books—Through Forbidden Tibet, Horizon Hunter and in his contributions to Cosmopolitan, Harper's Magazine, Travel, National Geographic, Asia, Life, Aviation, Readers' Digest, and others.

Finally, Mr. Forman has appeared as a lecturer before the New York Town Hall, National Geographic Society, Philadelphia Museum of Natural History, San Francisco Town Hall, the Field Museum, Milwaukee Museum, Harvard, Columbia and North-Western Universities and scores of other educational and cultural institutions and organizations.
